Write your abstract in block style in Palatino Linotype 12. The line spacing should be single. Cite single authors as surname (year:page) or (surname year:page). If you cite a publication with two authors, please do it as follows: surname1 & surname2 (year:page) or (surname1 & surname2 year:page). More than two authors are cited as surname1 et al. (year:page) or (surname1 et al. year:page). When referring to the publication as such, you can leave out the page numbers. When referring to several page numbers, you can use “page-page”.

In your Afrilex abstract, the first line of every paragraph after the first paragraph should be written with a left indent of 1 cm. Tables and figures should be centered. Enumerated lists do not need to be indented.

If you list linguistic examples of languages other than English, please provide English translations.

Paragraphs after figures or tables should not be indented. Please limit screenshots (for space reasons) and keep the number of figures to a minimum. However, do not minimize figures too much: Remember that while you write this on A4-pages, the book of abstracts will be printed on A5. If you are unsure about the instructions, you may consult the Afrilex abstract booklet of 2024 as an example or contact ahdp@sun.ac.za.

Lastly, your abstract should be between 600 - 800 words (MS word count), everything included - also the “References” section, see an example below. Please do not use footnotes, if unavoidable, you may use endnotes instead. Endnotes should be font size 10.
